Re: MSA Stakeholder Meeting

The MSA will be hosting an afternoon stakeholder meeting in Calgary on October 1, 2013 for the general purpose of facilitating dialogue amongst industry groups on current issues and as an input into the MSA's fall work planning and priority setting for 2014.

The planned meeting format will consist of two panel sessions involving representation from industry. The event will conclude with time for informal discussion and hospitality.

Particulars including the meeting agenda are in development but will be made available ahead of the meeting. Contact me if you have particular areas you would like discussed.

Please mark this in your calendars and advise Donna Ehrhardt at (403) 705-3181 or donna.ehrhardt@albertamsa.ca by September 17, 2013 if you plan to attend so we can estimate numbers.

Yours truly,
