

## NOTICE TO MARKET PARTICIPANTS AND STAKEHOLDERS

Date: April 9, 2015

**Re: MSA Mandate and Role Document**

The *Alberta Public Agencies Governance Act* (the Act) requires public agencies to work with their responsible Minister to jointly develop a statement describing the agency's mandate and the interaction with the Minister and departmental officials. This statement, called a Mandate and Roles Document, covering areas set out in section 3 of the Act, is to be made public once signed.

The Market Surveillance Administrator's Mandate and Roles Document came into effect yesterday, April 8, 2015 and is therefore now available for the review of all stakeholders at <<[MRD](#)>>.
