NOTICE TO MARKET PARTICIPANTS

Re: Weekly Market Monitor Report

Regular readers of the MSA's weekly Market Monitor will have noticed that it has been published on Tuesday instead of Monday for several weeks in recent times. There is a problem with getting some of the data in a timely manner and we are working with the AESO to solve the problem. We will update you in due course. If you have any questions, feel free to call me at 403-705-8503.

Yours truly,
