NOTICE TO MARKET PARTICIPANTS

Re: Revision to 2007 Annual Year in Review Report

The MSA published its 2007 Annual Year in Review Report on March 19, 2008. Since then, the AESO has pointed out an error that affects two of the graphs in the report. The relevant figures are **Figure vii** (Page 16) and **Figure viii** (Page 17). The corrected figures do not require any changes to the text as they simply emphasize the points already made.

The corrected figures are contained in the revised version of the 2007 Annual Year in Review Report which is now posted to our web site.

We apologize for the error and any inconvenience that it may have caused.

Regards,
