Re: New Look Website and Materials

Very soon when you click on the Market Surveillance Administrator's URL (<http://www.albertamsa.ca/>) you will see a new look and feel to our homepage and related materials. We have redesigned the homepage to be cleaner and easier to use. All the existing materials are still there, but you should be able to access them in a more intuitive fashion.

Among the new features is the ability to subscribe to email notifications, a searching capability and a few, popular tabs. If you can't find something on the first pass, there is a new Archive tab organizing materials by calendar year.

We have replaced the existing Mt Rushmore visuals with a handful of scenes of the beautiful province we live in. You will also begin to see that we have revised our documentation, emphasizing the revamped logo you see in the top right of this page, and with a cleaner layout for our reports and other documents.

I would like to thank Nandan Randhawa and Donna Ehrhardt for leading this project to a successful conclusion.

We hope you enjoy our new site.

Harry Chandler
