

NOTICE TO PARTICIPANTS AND STAKEHOLDERS

October 12, 2016

Re: MSA Compliance Process Consultation

On September 19, 2016 the MSA requested written comments from stakeholders regarding a revised draft of the MSA compliance process document.

Comments were received from four parties:

[Altalink](#)

[Capital Power](#)

[EPCOR](#)

[TransCanada](#)

The MSA thanks stakeholders for providing written feedback. Based upon the volume and nature of comments received, the MSA has decided that an additional comment stage will not be necessary. For clarity, the MSA is now moving into the Draft phase of this Consultation Process. The MSA will consider the comments received and will provide responses shortly together with the final revision of the MSA compliance process.

Yours truly,

Doug Doll
Director Corporate Services and Compliance
