

NOTICE TO PARTICIPANTS AND STAKEHOLDERS

February 12, 2019

Re: Notice re: Advisory Opinion Programme Stakeholder Meeting - Teleconference feature

Background

On December 14, 2018, the MSA made available a report by its consultant Ian Nielsen-Jones ([The Report](#)) entitled “Advisory Opinion Program” which outlined potential for an Advisory Opinion Programme in Alberta. The MSA received comments on the Report from 9 parties on January 21, 2019. Comments from those parties can be found [here](#).

Next Steps

On January 18, 2019, the MSA issued a [Notice](#) inviting stakeholders to attend a stakeholder consultation meeting on February 27, 2019, where market participants will have an opportunity to provide oral feedback. For those unable to attend the stakeholder meeting in person, a call in option will be made available. For those interested in this call in feature, please send an email to stakeholderconsultation@albertamsa.ca for teleconferencing information. Although a call in option is being made available, attending in person where possible is suggested. Following the stakeholder meeting the MSA will consider both the written and oral feedback received from market participants before deciding on next steps.
